# The Business Edge

*Simple · Focused · Effective*

*Is Your Company Ready to Save Time, Effort, and Money?*

The Business Edge™ by Computer Insights, Inc. is an ERP software system that allows fastener distributors to do more in less time with fewer people. Computer Insights' fastener industry focus makes the difference, helping companies across the United States and Canada, ranging from four employees to over five hundred.

## SHOW DATES

Monday, September 9

Tuesday, September 10

Wednesday, September 11

## SHOW HOURS & EVENTS

### Golf Tournament\*\*

Bali Hai Golf Club | 7:45 AM

### Registration Open

8:00 AM - 8:00 PM

### Fastener Basics & Beyond\*\*

Presented by Fastener Training Institute | 8:30 AM - 4:30 PM

### Welcome Party\*\*

Daylight Pool, Mandalay Bay  
6:00 PM - 8:00 PM

Scan the QR code to download the IFE app.

### Registration Open

7:30 AM - 4:00 PM

### Keynote Presentation

4 Straightforward Components of Exceptional Execution  
8:30 AM - 9:30 AM

### Expo Hall Open

9:30 AM - 4:00 PM

### Educational and Networking Sessions\*

10:00 AM - 2:40 PM

### Hall of Fame & Young Fastener Professional Awards Ceremony

3:00 PM - 4:00 PM

### IFE AFTER DARK Networking Event\*\*

Foundation Room  
9:00 PM - 11:00 PM

### Fastener Industry Marketing Workshop\*\*

8:00 AM - 10:00 AM

### Registration Open

8:30 AM - 3:30 PM

### Expo Hall Open

9:30 AM - 3:30 PM

### Educational and Networking Sessions\*

10:00 AM - 12:00 PM

*\*See page 62 for full session schedule. Schedule is subject to change. Please check the IFE app and website for the most up-to-date information.*

*\*\* Additional fee and advanced registration required.*

## Attendees, Exhibitors, Guests, and Colleagues -

We are thrilled to have you join us at IFE 2024, where we celebrate the remarkable advancements and enduring spirit of the fastener industry.

The fastener industry is the backbone of countless products and structures across automotive, aerospace, construction, electronics, and beyond. Our collective commitment to quality, precision, and reliability drives us to new heights, and this year's expo is a testament to that dedication.

We have designed this year's event to offer unparalleled opportunities to explore the latest trends, technologies, and products transforming our industry. Our expansive show floor features over 600 leading manufacturers, distributors, and suppliers, providing you with the chance to engage with cutting-edge innovations and make connections that will advance your business.

Our diverse education lineup for 2024 includes a range of sessions and workshops led by industry experts on topics that include marketing, company culture, technology, fastener finishes, electric vehicles (EVs), magnets, and risk mitigation. These learning opportunities are crafted to expand your knowledge, inspire new ideas, and offer practical insights to enhance your business.

Networking is at the heart of our event, and we have curated numerous opportunities for you to connect with peers, industry leaders, and potential partners. From our Welcome Party to specialized breakout sessions categorized by region and industry, you will find ample occasions to forge new relationships and strengthen existing ones. Additionally, attendees can experience the Vegas nightlife with peers and colleagues at IFE After Dark.

Special longstanding events like the Annual Golf Tournament, FTI's Full-Day Training Class, and the Hall of Fame and Young Fastener Professional of the Year Awards Ceremony are also highlights of this year's expo. These events are more than just business—they're about community, camaraderie, and celebrating the achievements within our industry.

As we come together, let us reflect on how our collective efforts and innovations are shaping the future of the fastener industry. Embrace the experience, take full advantage of the opportunities before you, and leave inspired to push the boundaries of what is possible in our field. In a dynamic global market, maintaining competitiveness and resilience is essential. The fastener industry is rising to this challenge through agile strategies, robust infrastructures, and international collaborations. By sharing knowledge and resources, we are driving progress and expanding our reach.

Together, we are navigating material shortages, environmental regulations, and economic uncertainties with creative solutions and strategic planning. IFE 2024 is a unique opportunity to delve into these critical trends, share insights, and forge connections that will propel the industry forward.

Thank you for being a part of this exciting event. Let's embrace the future with confidence and enthusiasm and continue to shape a prosperous fastener industry.

Welcome to IFE 2024!

**Morgan Wilson** | IFE Show Director

# American Fastener JOURNAL

## American Fastener Journal

the leading source of information for fastener professionals, can help increase your profits and build awareness of your company within the fastener industry.

Subscribe for FREE!

The American Fastener Journal is a recognized and respected trade magazine providing valuable information about the American fastener industry, fastener engineering and designed fastening applications. For over 30 years, AFJ has served as a reference material for answering fastening application questions, solving problems, and locating sources and suppliers.

Begin reading today. You will enjoy a wide variety of fastener editorial content and learn more about current events in the fastener business.

ENGINEERING THE FUTURE

**INTERNATIONAL  
FASTENER  
EXPO2024**

9 – 11, SEPTEMBER 2024 | LAS VEGAS, USA

**The 9<sup>th</sup> Largest Fastener Importer of USA - India is back with  
A Team of over 30 Leading Players in Fasteners**

Displaying variety of Precisely  
Engineered Specialized &  
Customized ,  
Carbon Steel, Alloy Steel  
& High Tensile Industrial And  
Automotive Fasteners

Complying with Indian, German,  
Italian, American, French, British and  
other country specific standards

Catering to the Medical,  
Construction,  
Wind Enegy, Mining, Automotive,  
Electrical, Luggage Industries and  
General Fastener Industry,

Supplying to the World's leading  
OEMs - Ford, Daimler, Hyundai,  
TATA, VOLVO, Eicher, JCBL,  
Caterpillar, Maruti Suzuki

Fully equipped with CNC Turning,  
Turnmill, VMC, Grinding and Highly  
Sophisticated Inspection Systems such  
as Cmm, Contour, Profile Projector,  
Surface Finish Tester etc.

Exporting to over  
40 countries in Europe,  
Americas, Asia

## IFI Announces 12<sup>th</sup> Edition of the Book of Fastener Standards

The Industrial Fasteners Institute (IFI) has announced the launch of the 12<sup>th</sup> Edition of the IFI Book of Fastener Standards, now available for purchase.

The IFI Book of Fastener Standards serves as the industry's resource and is a compilation of the most commonly used fastener standards for inch fasteners and non-ISO metric fasteners. In addition to the book's 96 standards, 30 of which are updated, the 12th edition now includes IFI 171, which covers thread dimensions for the assembly of bolts, studs, and nuts in the steel construction industry.

# SESSIONS & AWARDS

## MONDAY, SEPTEMBER 9

### Fastener Basics and Beyond Workshop, Presented by the Fastener Training Institute® 8:30 AM – 4:30 PM

Jasmine B

*Speaker: Carmen Vertullo, FTI Instructor*

Invest in your professional development! Grow your fastener knowledge well beyond the basics with this one-day workshop presented by the Fastener Training

Institute. This seminar will be a fact-and-fun-filled day with highly experienced and dynamic fastener instructor, Carmen Vertullo, owner and founder of Carver Labs.

The workshop will go well beyond the basics and is appropriate for all levels and all job functions in the fastener industry. It will focus on practical aspects of working in the industry, including how to respond to technical questions from engineers and technicians and how to find the answers you need.

## TUESDAY, SEPTEMBER 10

### Keynote Presentation: 4 Straightforward Components of Exceptional Execution

8:30 AM – 9:30 AM

Exhibit Hall Session Stage

*Speaker: Beau Groover, President, The Effective Syndicate*

Beau's keynote address for the 2024 International Fastener

Expo will engage the attendees to stir pride in their industry and highlight the crucial role fasteners play in holding our society together. He will introduce the GSD System, which emphasizes the four essential components of exceptional execution: Clarity, Teamwork, Discipline, and Leadership Energy. Execution is the name of the game to win in business and through engaging stories and actionable

Insights, Beau will demonstrate how answering four straightforward questions can drive success in any situation. Attendees will leave excited and equipped with practical tools to enhance their organization's performance and keep the industry moving forward. Key Learning Objectives & Take-Aways: 1. How a "thinking framework" helps build and support a culture of excellence. 2. Demonstrate how these 4 questions support and impact every potential situation attendees are facing. 3. A challenge for attendees to take this approach back and evaluate just 1 thing they are working on against this framework.

### Networking Session – Midwest Region

10:00 AM – 10:20 AM

Fireside Chat Lounge

### Risk of Uncertified Parts in Supply Chain and Product Build

10:15 AM – 10:45 AM

Exhibit Hall Session Stage

*Speaker: Julie Pereyra, Distribution Manager, Nord-Lock Washer Business Unit, Nord-Lock Group*

In this Session Stage presentation, Nord-Lock's Julie Pereyra will cover two short case studies related to copied products and the issues those products create in projects, including discussions that cover how to identify product recreations and the steps to take to prevent it as a customer or supplier and the financial, legal, and safety consequences of using uncertified parts.

### Networking Session – Aerospace Industry

10:25 AM – 11:00 AM

Fireside Chat Lounge

### Networking Session – Automotive Industry

11:00 AM – 11:20 AM

Fireside Chat Lounge

### Walking the Tightrope of Work-Life Balance

11:15 AM – 11:45 AM

Exhibit Hall Session Stage

*Speaker: Zech Williams, Commodity Manager, Wurth Revcar*

This session will explore strategies and personal insights from industry experts on maintaining a healthy balance between professional demands and personal well-being in the fast-paced world of fasteners. Attendees

will learn practical tips for time management, setting boundaries, and prioritizing self-care to enhance both career and personal life.

### Networking Session – OEMs

11:20 AM – 11:40 AM

Fireside Chat Lounge

### Fireside Chat: ASTM Ask the Expert

11:40 AM – 12:00 PM

Fireside Chat Lounge

*Speaker: Toby Anderson, Chair, ASTM F16 Fastener Committee and President, Bay Bolt*

Get ready to have your ASTM standards questions answered! "Why does that standard read that way?" "I've got a suggestion for a change-- how do I propose that to ASTM?"

A unique opportunity to ask the questions you have on ASTM Fastener Standards! In this casual-format Fireside Chat, the Chair of the ASTM F16 Fastener Committee, Toby Anderson, opens the floor for all your questions about the product standards that guide our industry and shows you how easy and rewarding it is to participate in the process.

# SESSIONS & AWARDS

This session promises to be packed with answers and information that will help you become more valuable to your customers. And a bonus: Toby will raffle off the latest IFI Fastener Book and an ASTM Membership to those who ask questions!

## Networking Session – Northeast Region

**1:00 PM – 1:20 PM**

*Fireside Chat Lounge*

## Which Hyped Tech is Actually Useful for Distributors?

**1:00 PM – 1:30 PM**

*Exhibit Hall Session Stage*

*Speaker: Anders Green, Founder, ALOX*

What Fastener Distributors Need to Know About AI, Blockchain, IoT, Smart Devices, and Cloud Computing The introduction of each new technology comes with a predictable hype cycle: first no one thinks it will work, then it sees limited traction, next everyone is convinced it will solve every problem that ever existed, and finally it's forgotten as the next shiny new technology comes to the forefront. In this session, Anders Green covers current and recent technologies, identifies where they are in the Gartner Hype Cycle, and discusses which are applicable to distributors in the fastener industry. The discussion will address questions like: is SmartHome technology stable enough to use at work? Can AI save me from invoice paperwork? Where has blockchain been useful, and does that include me? What even are the "things" in the "Internet of Things"?

## Fireside Chat: Creating a Winning Company Culture

**1:30 PM – 1:50 PM**

*Fireside Chat Lounge*

*Speaker: Don Shan, Business Development, Fastener Solutions Group*

Retaining and Recruiting Talent The complexity of finding and building company cultures is more than supplying a big benefit package. This Fireside Chat will help attendees learn the process and actionable strategies to create an engaged workforce that is driven by a passion-filled company culture.

## Fashion Fastener Finishes

**2:00 PM – 2:30 PM**

*Exhibit Hall Session Stage*

*Speaker: Andrew Pfeifer, Business Manager, Corrosion Protection, Atotech USA LLC*

Keeping up with Appearance Trends Industrial markets are continuously raising the bar on appearance, due to customer preferences, environmental trends and increased availability of alternative materials. Historically the fastener finishing market has been slow to adapt, offering a narrow scope of fastener finishes to be used by OEM's. ConAg, Motorsports, Construction and Transportation are some of the markets that seek higher-performance finishes that keep up with the variety of appearance requirements that their customers have. This session will explore the latest advances in fashion fastener finishes. High-gloss to matte, we will explore a variety of finishes that provide excellent corrosion protection but also match the aesthetics of modern equipment.

## Networking Session – Southwest Region

**2:00 PM – 2:20 PM**

*Fireside Chat Lounge*

## Networking Session – West Region

**2:20 PM – 2:40 PM**

*Fireside Chat Lounge*

## Hall of Fame & Young Fastener Professional Awards Ceremony

**3:00 PM – 4:00 PM**

*Exhibit Hall Session Stage*

Join us in congratulating this year's inductee into the prestigious Hall of Fame & the Young Fastener Professional award winner. Awardees will be recognized for their significant & enduring contributions to the fastener industry.

## WEDNESDAY, SEPTEMBER 11

## Fastener Industry Marketing Workshop

**8:00 AM – 10:00 AM**

*Jasmine E and F*

*Speakers: Rosa Hearn, Director of Product Marketing & Communications*

*Hali Gibson, Marketing and Communications Director, Threaded Fasteners Incorporated*

Embark on a comprehensive journey through the world of marketing with our 2-Part Marketing Workshop. Designed for both novices and seasoned professionals, this workshop offers a deep dive into the essential aspects of marketing and product marketing. Join our Marketing Workshop to gain invaluable mentorship, expert guidance, and a supportive community to navigate your business in today's dynamic environment. Our workshop is meticulously crafted to empower you with actionable tactics and robust strategies, ensuring you can launch and lead successful marketing campaigns.

# SESSIONS & AWARDS

## Ask the Expert with Fastener Training Institute®

9:45 AM - 10:15 AM

*Exhibit Hall Session Stage*

Join us for an engaging Ask Me Anything (AMA) session with Fastener Training

Institute® instructors who are ready to answer your questions on the latest trends, challenges, and innovations in the fastener industry. This is your chance to gain unfiltered insights and direct advice from fastener experts, enhancing your knowledge and understanding of the field.

## Networking Session - Southeast Region

10:00 AM - 10:20 AM

*Fireside Chat Lounge*

## Guidance to Reliable Bolted Electrical Connections in Evs

10:30 AM - 11:00 AM

*Exhibit Hall Session Stage*

*Speaker: Karle Wigginton, Senior Electrical Engineer, Matrix Engineering*

Bolted electrical connections are often among the least

appreciated and understood mechanical/electrical components. Not surprisingly, they are also frequently one of the largest causes of failure, warranty claims, and safety issues if not properly designed and assembled. This session will briefly summarize the critical aspects of bolted electric vehicle lug joint design and assembly that must be addressed to ensure a reliable connection. The session will focus on (2) areas of bolted electrical connections, one being joint relaxation and how it affects electrical bonding, and the other is on how different coatings on fasteners affect the electrical connections.

## Fireside Chat: Magnets Behind the Scenes

10:40 AM - 11:00 AM

*Fireside Chat Lounge*

*Speaker: Mike Devine, Director, Technology, Adams Magnetic Products*

Tips for Sourcing the Most Effective Magnets

Wondering how to source the best magnets for certain applications? This session will cover everything from what the most popular magnet types are today, where they are sourced, tips to help to determine the best magnet for its given application, and how to properly define requirements for an RFQ.

## Networking Session - Last Chance

11:15 AM - 11:35 AM

*Fireside Chat Lounge*

## Smart Distribution: Catching up on the Latest Advances in AI

11:15 AM - 11:45 AM

*Exhibit Hall Session Stage*

*Speaker: Cole Weiler, CEO, BoltWise*

In the past two years, artificial intelligence (AI) has made significant strides, bringing serious change across various sectors, including distribution. This presentation will explore how AI technologies have evolved, highlighting key advancements and practical applications. We'll share how AI is beginning to enhance operational efficiency, supply chain management, and customer service, while also discussing some of the existing limitations. Attendees learn about emerging trends and future innovations that promise to further integrate AI into distribution, equipping them with the knowledge to navigate and leverage these developments for future growth and improved competitiveness.

## Fireside Chat: TOP 3 Risks for Unexpected Financial Loss, and How Current Technology Can Mitigate

11:40 AM - 12:00 PM

*Fireside Chat Lounge*

*Speaker: Will Snyder, Co-Founder and COO, WTC, Managed IT Services*

In this session, attendees will learn the TOP 3 risks that businesses face that could result in unexpected financial loss. While these points will be familiar to you, this risk might not be obvious and the way to use technology to mitigate loss will be surprising to you. Will Snyder will walk you through the steps to take to mitigate the risk with simple, straight forward practices.

Built on Trust

## Threaded Fasteners and Forged Steel Parts

### WE UNDERSTAND WHAT'S AT STAKE FOR YOU

The reliability of each fastener is of the utmost importance because they play such a big role in ensuring that infrastructure stands upright, heavy equipment lasts through the most trying of conditions, or vehicles keep drivers safe.

The **trust** you place in Infasco products binds us together.

SEE YOU AT  
**BOOTH 634**
